
WHY PSI?

Perimeter Scholars International (PSI) is a 10-month intensive Master's level course held at Perimeter Institute for Theoretical Physics, a leading international research centre in Waterloo, Ontario, Canada.

PSI is designed to prepare outstanding students from around the world for cutting edge research. The syllabus exposes students to the whole spectrum of theoretical physics through a stellar array of Perimeter faculty and international lecturers assisted by six dedicated PSI Fellows. Graduates receive a Master's Degree in Physics from the University of Waterloo and a Perimeter Scholars International Certificate from Perimeter Institute.

FULL FINANCIAL SUPPORT

Students accepted into PSI are eligible for full scholarships covering all expenses, including:

- Full tuition
- Accommodation
- Living stipend
- Books and materials
- Meals
- Health Insurance
- Laptop

APPLY TO PSI

PSI welcomes applications from exceptional students with an undergraduate honours degree in Physics, Math, Engineering or Computer Science with a minimum of 3 upper level undergraduate or graduate courses in Physics. PSI recruits a diverse group of students and especially encourages applications from women.

OUTSTANDING FACULTY

John Berlinsky, PSI Director

Neil Turok, Director, Perimeter Institute

Faculty of PSI includes:

Assa Auerbach
Technion University

Latham Boyle
Perimeter Institute

Andrew Childs
University of Waterloo

David Cory
Institute for Quantum Computing, Waterloo

Bianca Dittrich
Perimeter Institute

Michael Duff
Imperial College

Joseph Emerson
Institute for Quantum Computing, Waterloo

Francois David
Institut de Physique Theorique CEA-Saclay

Ruth Gregory
Durham University

Matt Johnson
York University, Perimeter Institute

Luis Lehner
Perimeter Institute

David Morrissey
TRIUMF

Robert Spekkens
Perimeter Institute

Natalia Toro
Perimeter Institute

Guifre Vidal
Perimeter Institute

Pedro Vieira
Perimeter Institute

Xiao-Gang Wen
Perimeter Institute

Mark Wise
Caltech

Konstantin Zarembo
NORDITA

Barton Zwiebach
MIT
