

# PI PERIMETER INSTITUTE

## Visiting Professor Positions

Perimeter Institute for Theoretical Physics (PI) has a limited number of positions available for Visiting Professors in theoretical physics who are wishing to spend time at PI while on sabbatical leave from their faculty position at a home institute.

Applications for the period June 2007 to September 2008 are now being accepted in the areas of:

- Quantum Information Theory
- Quantum Gravity
- String Theory
- Cosmology
- Particle Physics
- Foundations of Quantum Theory

The Institute offers a dynamic, multi-disciplinary environment with maximum research freedom. There is opportunity to collaborate with international researchers, take part in workshops and conferences as well as enjoy the productive atmosphere and amenities of the award winning facility.

Full details available online at [www.perimeterinstitute.ca](http://www.perimeterinstitute.ca).

**Application deadline is December 31, 2006.**
